Pasadena Independent School District Annual Financial Accountability Management Report

Introduction

Created by the 77th Texas Legislature in 2001, the School Financial Integrity Rating System of Texas (FIRST) is designed to encourage public schools to better manage their financial resources in order to provide the maximum allocation possible for direct instructional purposes.

FIRST ratings provide parents and community members an annual glimpse at the financial health and stability of every school district and charter. The 2019-2020 ratings are based on annual financial reports provided to TEA by districts and charters from the 2019 fiscal year. The financial accountability system requires TEA to review the audited financial reports from all districts and charters.

This year, the FIRST ratings are based on fourteen financial indicators, such as administrative cost expenditures; the accuracy of a district's financial information submitted to TEA; and any financial vulnerabilities or material weaknesses in internal controls as determined by an external auditor. Based on the submitted information, Districts are assigned a rating of A = Superior, B = Above Standard, C = Meets Standards, and F = Substandard Achievement. Pasadena Independent School District has earned the rating of ***Superior Achievement*** for the 2019-2020 ratings. For the 2019-2020 rating, Pasadena ISD earned a score of 100 and passed all of the critical indicators. The worksheet itself and a discussion of its significant points follow.

All school districts and charters are required to report information and financial accountability ratings to parents and taxpayers. In addition, school districts and charters must hold a public discussion or hearing regarding its financial report.

1	Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?	3/31/2020 1:13:27 PM	Yes
2	Review the AFR for an unmodified opinion and material weaknesses. The school district must pass 2.A to pass this indicator. The school district fails indicator number 2 if it responds "No"		

	to indicator 2.A. or to both indicators 2.A and 2.B.		
2.A	Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)	3/31/2020 1:13:27 PM	Yes
2.B	Did the external independent auditor report that the AFR was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds? (The AICPA defines material weakness.)	3/31/2020 1:13:28 PM	Yes
3	Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related	3/31/2020 1:13:28 PM	Yes

	to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)		
4	Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?	3/31/2020 1:13:28 PM	Yes
5	This indicator is not being scored.		
6	Was the number of days of cash on hand and current investments in the general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)? (See ranges below.)	3/31/2020 1:13:29 PM	10
7	Was the measure of current assets to current liabilities ratio for the school	3/31/2020 1:13:29 PM	10

	district sufficient to cover short-term debt? (See ranges below.)		
8	Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.) (See ranges below.)	3/31/2020 1:13:29 PM	10
9	Did the school district's general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district's number of days of cash on hand greater than or equal to 60 days?	3/31/2020 1:13:30 PM	10

12	Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? (If the student enrollment did not decrease, the school district will automatically pass this indicator.)	3/31/2020 1:13:32 PM	10

13	Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district's AFR result in a total variance of less than 3 percent of all expenditures by function?	3/31/2020 1:13:34 PM	10
14	Did the external independent auditor indicate the AFR was free of any instance(s) of material noncompliance for grants, contracts, and laws related to local, state, or federal funds? (The AICPA defines material noncompliance.)	3/31/2020 1:13:34 PM	10

DETERMINATION OF RATING

A.	Did the district answer ' No ' to Indicators 1, 3, 4, or 2.A? If so, the school district's rating is F for Substandard Achievement regardless of points earned.	
B.	Determine the rating by the applicable number of points. (Indicators 6-15)	
	A = Superior	90- 100
	B = Above Standard	80- 89
	C = Meets Standard	60- 79
	F = Substandard Achievement	<60
	No Rating – A school district receiving territory that annexes with a school district ordered by the commissioner under TEC 13.054, or consolidation under Subchapter H, Chapter 41. No rating will be issued for the school district receiving territory until the third year after the annexation/consolidation.	

Overview of the Worksheet

Critical Indicators

Indicator #1: The Annual Financial Report was submitted timely.

Indicator #2A: The District received a clean audit report.

Indicator #2B: The District had no findings of weak internal controls.

Indicator #3: The District was not in default on any debt.

Indicator #4: The District made timely payments to Governmental Agencies.

Indicator #5: Not scored this year.

Other Indicators of Fiscal Responsibility

Indicators #6 through #15 pertain to administrative cost expenditures, the accuracy of the District’s financial information submitted to TEA, and any financial vulnerabilities or material weaknesses in internal controls as determined by the external auditor.

Indicator #13: The actual expenditures submitted to TEA in PEIMS for \$494,557,897 had a variance of .0002% or \$458 due to rounding of pennies.

Summary

The Pasadena ISD School Board, administration and the community have worked hard to maintain the financial position and condition of the District over the past number of years. This report demonstrates this to all parents and taxpayers.

Other Data Concerning the District's Operations

The purpose of this section of the report is to discuss other aspects of our business operations not covered by the worksheet, but suggested by law as items of significance meriting discussion. We should view the worksheet as a good basic tool with which to assess our primary business practices. However, we should not stop there! We should always be working towards improvement in all aspects of our operation to maximize funds available to campuses for educational purposes and to our ancillary departments that support our campuses.

Briefly, we review a number of business practices not covered by the Financial Accountability Worksheet directly.

Financial Strength

The state of Texas recommends we discuss financial strength in this report. This is a difficult topic to address because there are many measures of financial strength, some are better than others, and it's hard to tell which one is the best measure. For Pasadena ISD, we believe the most significant financial indicator of strength is our ability to meet our cash flow needs from September to December each year without borrowing money. This is due partially to the increased cash flow from TEA to low wealth districts such as Pasadena Independent School District but more to the fact that our Board of Trustees has a commitment to maintaining a minimal fund balance equal to 12½ percent of the prior year's operating expenses. Our Aa2 underlying bond rating by Moody's further evidences our financial strength. Moody's believes that our increases in assessed valuation, coupled with significant financial flexibility are characteristics consistent with the Aa2 rating. The District's long-term trend of conservative budgeting and prudent financial practices continue to rate highly in maintaining our excellent credit rating.

Operating Cost Management

Only a small portion of our total General Fund expenditures are flexible or variable in nature. Salaries and benefits comprise the biggest expenditure each year, over 88%. Utility payments fluctuate greatly from year to year, but still make up our second largest single expenditure at 3% closely followed by property insurance at 1%. Once you remove those large expenditures from the equation, you are left with a small portion of our budget that retains some semblance of control for us. Supplies, materials, travel and training and a few contracted services comprise this remaining balance. We consider these costs to be our controllable operating costs. One measure the state of Texas uses to measure operating cost efficiency is the administrative cost ratio. Texas has a formula that is mandated by law, and of course, it is arguable in nature. Simply, it takes administrative costs and divides them by instructional costs to arrive at a percentage. A district’s size determines their administrative cost limitation. Based on Pasadena ISD’s size, our administrative cost limit has been set at 5.45%. This indicator deals with the sensitive issue of administrative costs and we feel it prudent to demonstrate how our ratio has consistently remained low over the past several years.

2018-19	11.05%	5.45%	\$11,863,997

In a time of rising salaries and increased costs, Pasadena ISD has maintained low administrative costs as a percentage of instructional costs. We have done so via a conscious and concerted effort to bring administrative costs down while funneling every possible dollar to the campuses to serve the needs of the students first. This chart, more than any other indicator, clearly demonstrates that we are putting our money where our students are, and getting by as best we can elsewhere.

Personnel Management

The District's longstanding personnel goal is to attract and retain qualified staff, and to offer a competitive salary and benefit package each year. We have offered a highly competitive total compensation package to our teaching staff and a comparable increase to all support personnel. It hasn't always been easy to do so, but each year we have managed to find the funding to fit this total benefit package into our budget. Attracting and retaining a quality teaching staff has been a priority with Pasadena ISD in the past decade second only to our students' welfare and education.

Tax Collections

Although tax collections is no longer a ratings indicator, we feel it is important to disclose our tax collection history.

Cash Management

First, we have a state and local board policy that requires us to invest funds with six objectives in mind. In order of importance, they are: suitability, safety, liquidity, marketability, diversity and yield.

Suitability, safety and liquidity are almost redundant. If a security is suitable and safe, it's probably pretty liquid. If it's liquid and suitable, it's safe. State and local policy specify what types of securities we can purchase, and virtually all of them fall within these restrictions. We don't purchase ones that do not fall within our interpretation of these policy restrictions. Certificates of Deposit are legal investments, but they cannot be readily converted to cash without a penalty, so we are careful to purchase them when we plan to hold them to maturity.

There are a few investments that are legal for us to purchase, but they aren't very marketable. Consequently, we don't buy them. Bonds of the state of Israel are a good example. We strive to maintain diversity in our portfolio, balancing cash in money market pools and directly owned securities such as Treasury Bills and other government agency issues.

Lastly, we perform a quarterly and annual review of investment activity and performance, submitting these quarterly reports to the Board of Trustees for review, as required by law.

Budgetary Planning & Financial Allocations

The District's budget process begins usually in December each year. During the first month of planning, preliminary revenue estimates are developed and shortly thereafter followed by budget allocations for each campus. Next, the department budgets are prepared and a budget preparation guide is updated for the new year and distributed to all budget managers. Most school districts have some rational basis for allocating funds to campuses and operating departments. In Pasadena ISD, we allocate funds to campuses based on a number of criteria. They include number of students, types of students, and type of campus. Support departments get funds based on previous year's budgets adjusted (up or down) for future years' needs. Special project requests for amounts supplemental to allocations are considered individually each year. In March, we begin budget consolidation and attempt to calculate state and local tax revenues. At this time, the budget starts to take on some form. April is usually spent reviewing the budget with the Superintendent's cabinet. May is the month we are first able to give the Board and the public a preliminary view of how the next year's budget looks. In odd-numbered years, the legislature is in session, and that complicates and delays our budgeting process. The optimal time for making a public salary decision is May. However, due to the legislature or the Harris County Appraisal District, salary decisions are usually not made until June or July. June and July are busy months budget-wise with special Board workshops. Decisions are made on special project requests, revenue data is fine-tuned and a final budget is submitted to the Board of Trustees for approval in August.

Our budget process is a proactive and highly participatory one, and campuses and departments are given a great deal of discretion as to how to budget their funds. After the budget is adopted, each campus or department is given equal latitude regarding amending their budget when their plans or needs change. This decentralized style of budget management is required by the state of Texas to a certain degree. We call it site-based decision making. It's our version of campus empowerment. Most importantly, it is a system that works best in the long run for all of us by allocating resources where they are needed, even when those needs change.

Awards and Recognitions

For the past several years the Business Office has been recognized by the Association of School Business Officials International (ASBO) and the Government Finance Officers Association (GFOA) for excellence in the preparation and issuance of our Annual Budget and the Comprehensive Annual Financial Report (CAFR).

ASBO's Certificate of Excellence Award was received for the Comprehensive Annual Financial Report (CAFR) for the year ending August 31, 2019, the districts sixth consecutive year receiving this award.

Additionally, the district received GFOA's Certificate of Achievement for Excellence in Financial Reporting for the fourth consecutive year for the Comprehensive Annual Financial Report (CAFR) ending August 31, 2019.

Again for 2020, the District has been recognized by the Texas Comptroller for its "Transparency Stars" program.

These awards reflect the commitment of the governing body and staff to meeting the highest principals of governmental budgeting and financial transparency. These documents are excellent tools that can be used for financial planning and communication devices for internal and external stakeholders. These reports enhance our financial accountability and transparency as well as strengthen the district's presentation for bond issuance and bond ratings.

7. The Board and the Superintendent shall maintain a working relationship that is in the best interests of the District. To that end, all criticisms, complaints or suggestions received by the Board, or any individual Board member(s) shall, prior to any action being taken as to same, be referred to the Superintendent for appropriate resolution, study or recommendation. The Superintendent shall be permitted to attend all meetings of the Board, both open and closed, and participate in all deliberations of the Board, except those closed meetings dealing with action (or lack of action) on the Superintendent's Contract, the Superintendent's evaluation, conflicts between individual Board members, or as due process may require.

9. 13. To the extent it may be permitted to do so by applicable law, including, but not limited to Texas Civil Practice & Remedies Code Chapter 102, the District does hereby agree to defend, hold harmless, and indemnify the Superintendent from any and all demands, claims, suits, actions, judgments, expenses, and attorneys' fees incurred in legal proceeding currently pending or subsequent hereto brought against the Superintendent in her individual capacity or her official capacity as an employee and the Superintendent of the District, providing the incident(s), which is (are) the basis of any such demand, claim, suits, actions, judgments, expenses or attorneys' fees, arose or does arise in the future from an act or omission of the Superintendent and as an employee of the District, acting within the course and scope of the Superintendent's employment with the District; excluding, however, any such demands, claims, suits, actions, judgments, expenses and attorneys' fees for those claims or any causes of action where it is determined that the Superintendent committed official misconduct, or criminal conduct, or committed a willful or wrongful act or omission, or an act or omission constituting gross negligence, or acted in bad faith, or with conscious indifference or reckless disregard, nor does it apply to criminal investigations or proceedings, nor to any investigation or proceeding in which the District and the Superintendent are adverse to each other; and excluding any costs, fees, expenses or damages that would be recoverable or payable under an

insurance contract, held either by the District or by the Superintendent. The selection of the Superintendent's legal counsel shall be with the mutual agreement of the Superintendent and the District if such legal counsel is not also the District's legal counsel. A legal defense may be provided through insurance coverage, in which case the Superintendent's right to agree to legal counsel provided for her will depend on the terms of the applicable insurance contract. To the extent this Section of this Contract exceeds the authority provided and limitations imposed by Texas Civil Practice & Remedies Code Chapter 102, it shall be construed and modified accordingly. The Superintendent shall fully cooperate with the District in the defense of any and all demands, claims, suits, actions and legal proceedings brought against the District. Both the District's obligation and the Superintendent's obligation under this Section shall continue after the termination of this Contract.

14. This Contract combines all prior agreements and resolutions concerning employment of the Superintendent into one document. This Contract may only be amended by written instrument, executed by both parties.

15. In the event of any conflict between the terms, conditions and provisions of this Contract and the provisions of the Board's policies, or any permissive state or federal law, then, unless otherwise prohibited by law, the terms of this Contract shall take precedence over the contrary provisions of the Board's policies or any such permissive law during the term of the Contract.
